

STAINLESS STEEL TROLLEYS FOR BARRELS, POTS AND CAULDRONS AND CONTAINERS

Technical data:

- **Load capacity:** 200 kg
- **Inner diameter:** 520 mm
- **Wheel diameter:** 100 mm
- **Frame thickness:** 4 mm
- **Frame and wheel housing material:** stainless steel
- **Wheel material:** polyamide wheels

We adjust the rim diameter to the transported container. It can also be lifted.

All wheels are swivel.

Two wheels with brakes.

Possibility of using wheels with tread.

Wheels mounted on a 12 mm welded pin ensure optimal durability.

Wheels and complete wheel sets are interchangeable.
